On Mississippi River

Towboats Seek to Crash Through Ice

ST. LOUIS — Three Mississippi riverboat skippers today sought to push their vessels through a 20-mile stretch of ice heading for a rendezvous that another boat failed to make.

In their inch-by-inch progress, they have covered 16 miles of the 26-mile ice gorge extending north from Cairo, Ill. But the ice jam was growing faster than expected and built up 14 miles in two days.

More than 100 boats were tied up at Cairo and Cape Girardeau, Mo., and river traffic in the area all but came to a standstill.

Crunching their way north were the towboats "Missouri" and "June C. Hutchison," both more than 16 miles up the river from Cairo. Another northbound vessel

the "Kishwaukee" fought a losing river battle and was forced to turn back towards Cairo.

Meanwhile, the "Lachlan Mac Leay" plowed into the ice jam from the north and was working its way south in an effort to force a channel.

It was doubtful whether the "icebreakers" would do much good, however. Authorities reported that the ice mass was closing behind the vessels almost as soon as they had cleared an area.

Col. Charles B. Schweizer of the Army Corps of Engineers expressed hope that the ice would stop accumulating at Thebes, Ill., where the river widens. But he said there was no way to predict

what the next 24 hours would bring.

"There was a 22-mile stretch of ice north from Cairo Monday and about 26 miles Tuesday. Then Wednesday the ice had packed another 10 miles upstream," he said.

Schweizer said that two locks on the upper Mississippi River, Nos. 24 and 25, were closed and that ships seeking passage would have to give 24-hour notice.

Traffic also was stalled on the Ohio River, which was frozen over at Gallipolis, Ohio. Dam 41 at Louisville, Ky., was closed in an effort to hold back the river and prevent formation of an ice gorge.

Ike May Fly to Arizona This Week: Hagerty

Says President May Accompany Mamie to Phoenix

THOMASVILLE, Ga. — The White House said today that there is a "possibility" that President Eisenhower might fly to Arizona this weekend.

Press Secretary James C. Hagerty said that if the President makes the western trip his primary purpose will be to transport Mrs. Eisenhower to Phoenix for a visit at the Main Chance Farm of Elizabeth Arden, cosmetic manufacturer and one of the nation's top race horse owners.

Hagerty said he will not expect the President to remain in Phoenix more than two hours. The President, if the Arizona trip is definitely scheduled, will leave southern Georgia Sunday and after dropping Mrs. Eisenhower off at Phoenix, will fly to Washington Sunday night in time to meet a schedule of appointments on Monday.

Hagerty said Mrs. Eisenhower's health had nothing to do with her tentatively scheduled visit to Arizona.

"Mrs. Eisenhower for some time now has hoped that she could go to Phoenix," Hagerty said. "Nothing has been finally determined as yet, but it is a possibility."

"I'll know definitely tomorrow or the next day," the press secretary said.

The President continued his holiday here at the Milestone plantation of former Treasury Secretary George M. Humphrey and, according to Hagerty, planned to make his first trip into Humphrey's quail fields this afternoon . . . weather permitting.

The weather here today was sunny and the temperature was expected to go to 52 degrees during the early afternoon.

"He seems to be feeling fine," Hagerty said of the President's physical condition. "Each day he seems to be better."

Students from Five High Schools Attend College Day at HTHS

The Eighth Annual College Day was held yesterday afternoon at Harrisburg Township high school with juniors and seniors from five high schools learning about institutions of higher learning from representatives sent here by the colleges, universities and hospitals.

Students were present from Carrier Mills, Marion, Crab Orchard, Galatia and Harrisburg high schools. Thirty institutions were represented.

The students visited rooms where the various representatives had been assigned and there appeared to be most interest in Southern Illinois University, Murray (Ky.) State College and the University of Illinois, judging from the attendances in the various rooms.

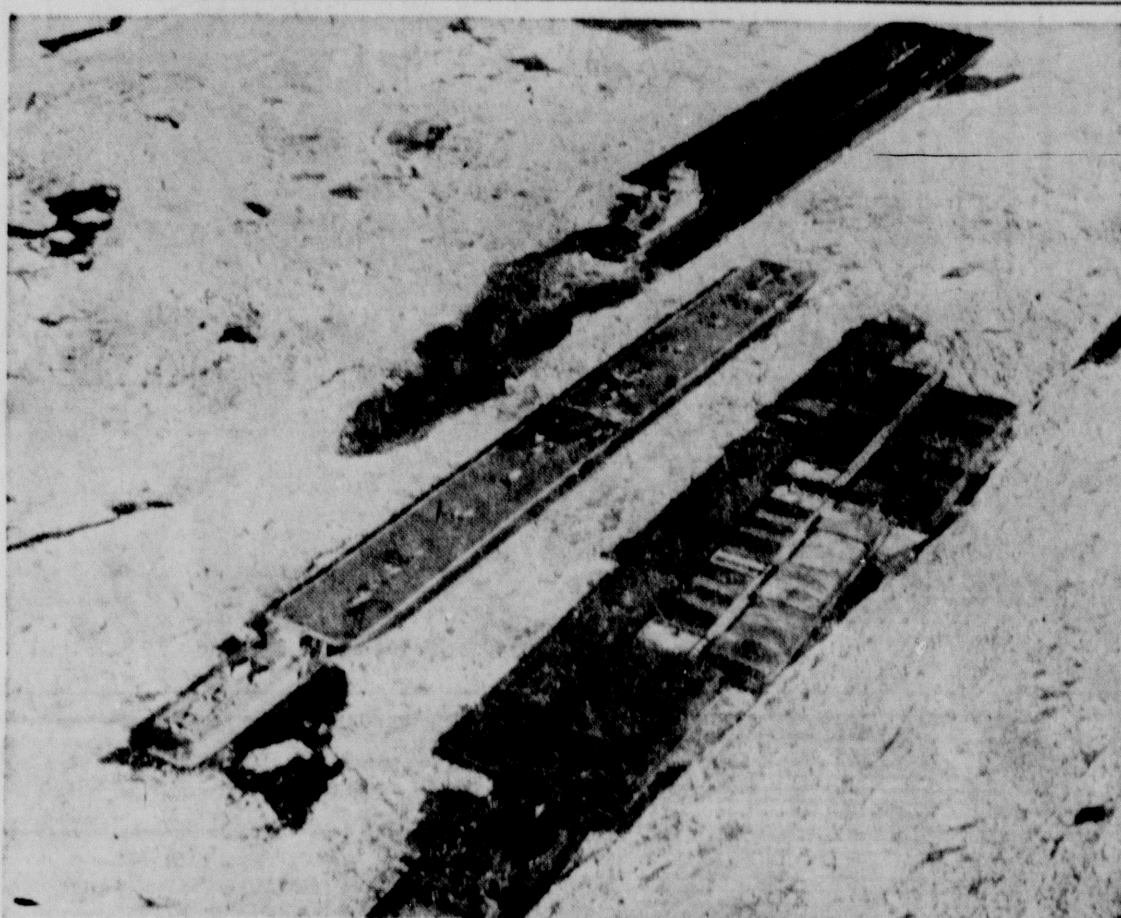

The College Day was sponsored by the Student Council of HTHS and the opening remarks were made by Eddie Quade, council president. Members of the council served as guides during the afternoon.

During an intermission period, refreshments were furnished and served by the Saline County College club.

Leopold Granted Freedom By State Parole Board

Decision to Free '24 Slayer Not Unanimous

Actual Freedom Depends on Housing, Employment Plans

SPRINGFIELD, Ill. — Nathan Leopold, sentenced to both 99 years and life for the "crime of the century" slaying of Bobby Franks in 1924, today was granted freedom.

The state Parole Board gave him a parole despite the injunction of the trial judge that he was never to be released.

Leopold at the age of 19 with Richard Loeb—two brilliant, rich youths—killed neighbor boy Franks of Chicago for a thrill. They used a chisel.

The board also granted a parole to prohibition era gangster Roger Touhy but for Touhy the board action meant only another step toward possible freedom in August, 1959.

The board three times previously had denied Leopold a parole. The board said its decision to free Leopold was not unanimous. It declined to disclose the vote.

Job in Puerto Rico
The duration of Leopold's parole will be five years. He will be under supervision for that period.

How soon Leopold walks out from the Stateville Prison that has held him since Sept. 11, 1924, depends on how soon the division of parole supervision investigates and approves his housing and employment plans.

Leopold had asked the board to be permitted to take a hospital job in the mountains of Puerto Rico at \$10 a month and room and board.

At Stateville Penitentiary, a smiling Warden Joseph Ragen announced the paroles to a waiting crowd of 75 newsmen.

"The location and occupation," of Leopold during parole are "to be investigated by parole supervision immediately," the board said.

To Report Monthly
A parole supervision spokesman said earlier that if Leopold would go to Puerto Rico it would take a month or more to investigate the situation there and he could not leave prison and shed his number 9306-D until the arrangements were approved.

Leopold will have to report to a

About Town

And Country

By TIMOTHEUS T.

NOTE: This is the second of two parts of a letter Mrs. Daisy M. Seright of The Harrisburg Daily Register has written to Harrisburg describing her trip in California. She has returned to the city after an interesting trailer trip.

"We arrived home on Saturday night, and on Sunday we all had dinner at a Japanese establishment called Suayaiki. We were taken upstairs where the rooms were beautifully decorated, and the waitresses were dressed in gorgeous kimonos, with large silk bows in the back. They wore sandals held on only by thongs between the big toes and the next ones. One dining room was covered with straw matting on the floor and walls and the table was only about 18 inches high, with patrons sitting on the floor on cushions while eating. We did not go into this room, but ate at regular tables.

"Our meal was cooked at the table in a large dish. They brought all the food on a platter and removed it to the chafing dish with chop sticks. They brought us chop sticks, but we preferred silver like Americans do. We liked the food very much.

"On Tuesday of next week, we started for Carmel and Oakdale, and drove in rain most of the day. "We stopped in Santa Barbara and drove over that beautiful city, visiting the Spanish mission, one of the many which were built all along the coast, spaced just as far apart as the people could travel in a day.

"They are architecturally beautiful, and when you see them you wonder how the builders could handle such large stones, as man power was the only method they had in placing them so many years ago.

"We called on Miss Mary Reynolds and had an enjoyable little visit. We then went up to Solvang, a village where all the farmers and merchants are Danish. The shops and food places were so interesting, and even the roofs of the buildings were patterned after the straw roofs of Denmark structures.

"On the top of one shop was a stork nest and a figure of a large stork.

"We spent the night closeby, then drove to Carmel the next day, spending two nights and a day and a half with our cousin, Mack Booze. We drove over the famed '17-mile-drive' and visited many

Saline County Schools to Collect Clothing for World's Needy

During the week of March 24, school children of Saline county will collect good used clothing for orphaned and needy children, and adults, in the United States and overseas, it was announced today by Saline County Superintendent of Schools C. R. Gardner.

The drive, which is part of World Clothing Week, will continue here for five days, March 24 through March 28. Superintendent Gardner expressed the hope that every family in each school district will begin now to gather up all the outgrown and worn clothing which accumulates in nearly every household and send it to school during World Clothing Week. All types of infants', children's and adults' clothing and shoes are needed. Bedding, too, can be put to use.

Mr. Gardner stated: "Statistics

show that nearly half the world's children are inadequately clothed, housed, and fed. Thousands of children in our own United States cannot attend school regularly because they lack proper clothing. Overseas, orphaned and other needy children and adults desperately need help. Through World Clothing Week, the school children of Saline county can make a substantial contribution toward alleviating the distress of these unfortunate ones."

World Clothing Week is conducted under the auspices of the Christian Children's Fund, Inc. Since 1938, C. C. F. has been active in child welfare work. Today, it provides vital assistance to orphaned and needy children in 270 orphanages in 34 countries. In addition to the United States, C. C. F. operates its programs in Austria, Belgium, Borneo, Brazil, Burma, Chile, Finland, France, Free China, Greece, Hong Kong, India, Indonesia, Iran, Italy, Jamaica, Japan, Jordan, Korea, Lapland, Lebanon, Libya, Macao, Malaya, Mexico, Okinawa, Pakistan, Peru, Philippines, Puerto Rico, Syria, Viet Nam, and Western Germany.

Wilbur Young, State Superintendent of Schools for Indiana, is national chairman of the drive.

Approve Hike in Postal Rates

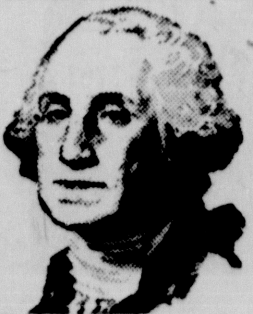

WASHINGTON — The Senate Post Office Committee today approved a bill that would increase out of town letter rates to 5 cents and local letters to 4 cents.

President Eisenhower had called for a 5-cent rate in his state of the union message.

The present rate is 3 cents. The committee also voted to boost air mail rates from 6 to 8 cents.

At the same time, the committee approved a 3-cent rate for post cards as voted by the House. But the Senate group added a provision that hand-written cards still could be mailed for the present 2-cent rate.

The committee vote came on a bill boosting postal rates a total of 750 million dollars—more than the administration requested. It apparently cleared the way for Senate action next week on both the rate bill and a 7 1/2 per cent postal and civil service pay increase.

Plugging a Bad Rathole

Everyone who wants to see the
tax laws applied fairly and fully
will be pleased that Congress has
acted to plug a surprising gap in
the income tax withholding system.

A story in the Cleveland Press
awoke the lawmakers into the real-
ization that some employers who
deduct taxes from their workers' pay-
checks were actually pocketing the
money instead of turning it over to
the government. It is esti-
mated that 400,000 employers owe
the U. S. \$279 million in withhold-
ing levies and social security tax
es collected but not paid over.

Under the bill approved by both
houses and expected to be signed
by the President, delinquent em-
ployers hereafter will be required
to deposit taxes due in a special
bank account payable to the Inter-
nal Revenue Service.

Obviously this is a flaw in the
tax law that ought to have been
discovered and corrected a long
time ago. But, considering the
sums of money involved, it seems
right to say: Better late than nev-
er.

PRESENT RECESSION

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Harold Stassen Begs Eisen-
hower Not To Neglect Great
Opportunity For Disarma-
ment; Harry Truman May
Not Be Happy At Breakfast
Tomorrow; Ike's Georgia
Host Holds One Key To Busi-
ness Recession.

WASHINGTON. — Before sub-
mitting his resignation as dis-
armament negotiator, Harold
Stassen wrote a confidential fare-
well report which will probably
be suppressed by John Foster

Dulles. However, it expresses
great hope for the peace of the
world.
Stassen informed Eisenhower
that he is certain the Russians
are ready to negotiate a 10-year
truce in the cold war and that
this could be the beginning of
permanent peace.

Stassen was blunt and emphatic
in his recommendation that the
United States begin immedi-
ate negotiations despite the al-
most violent opposition of John
Foster Dulles. Unless the United
States acts, Stassen advised, it
will be passing up the greatest
opportunity for peace in a dec-
ade.

Other American diplomats
having no ax to grind for or
against Stassen, generally agree
"they and Stassen base their
conclusion on the fact that Rus-
sia has industrial and farm prob-
lems, needs a respite in competi-
tion with the West. From this
respite could come better under-
standing and peace.

Note — In direct contrast to
Stassen's recommendation was
Eisenhower's blunt note to Prem-
ier Bulganin this week, a note
dictated by John Foster Dulles.
Though Ike went out of his way
to write a cordial friendly letter
to Stassen when he resigned, it's
Dulles's policies he's following in
regard to Russia.

HARRY TRUMAN'S BREAKFAST HOST

Harry Truman doesn't know it,
but tomorrow he is walking into
a breakfast party given by a for-
mer stanch New Dealer who has
become a shaky New Dealer. He
is Clyde T. Ellis, head of the Ru-
ral Electrification Co-ops, who has
received strong support from lab-
or unions in the past but who is
now bucking the organization of
labor in his own shop.

Ellis, a onetime liberal con-
gressman from Arkansas, resign-
ed from Congress to head the Na-
tional Rural Electrification Asso-
ciation, a group of co-ops organ-
ized to fight the big utilities and
promote the New Deal REA.
Somewhat like his friend and fel-
low Arkansan, Orval Faubus,
who was elected with Negro sup-
port, Ellis has now turned his
back on some of those who sup-
ported him.

Ellis has had such a turnover
of office staff that last month 68
per cent of them signed cards
signifying their desire to join the
Office Employees International
Union. Privately some of them
referred to Ellis as Clyde "T. For
Tyrant" Ellis. Ellis has posed
as the great friend of labor, but
when he heard that his own staff
wanted to unionize, he flipped a
lid.

Under National Labor Relations
Board rules, a vote of 30 per cent
qualifies workers to hold an elec-
tion, while 60 per cent permits
them to organize. Ellis now
claims the 68 per cent who signed
up to unionize didn't under-
stand what they were doing, and
his board of directors has hired
an Atlanta law firm specializing
in labor relations to negotiate
with the NLRB.

"If the folks want to vote the
union in, they'll have the union,"
Ellis protests.

But meanwhile he's pulling pri-
vate wires to see that they don't
vote the union in. Meanwhile al-
so, he isn't happy about Harry
Truman's possible reaction to his
labor problems when Truman
breakfasts as the guest of the
Electrical Consumers Informa-

tion committee which has strong
labor support.

IKE'S VACATION HOST

Significantly, President Eisen-
hower is spending his winter va-
cation at the Georgia plantation of
the man whose tight money poli-
cies and drastic budget-cutting
started the business toboggan
downward — ex-Secretary of the
Treasury George Humphrey.

Significantly also, it was Hum-
phrey, now head of the National Steel
and long a power in the coal and
steel industry, who knocked in-
dustry heads together in the sum-
mer of 1956 to call off a steel
strike which would have affected
the economy just before the 1956
elections.

Today some of Humphrey's
same friends who sit around the
oak-paneled rooms of the Du-
quesne Club in Pittsburgh are re-
ported staging a sit-down strike
on steel. Production is now down
to 54 per cent. If it stays down
for a while, they could well get a
tax cut out of Congress, also
would teach labor a lesson on
wage hikes.

If the steel operators lose mon-
ey this year, they can always go
back to the Treasury on a tax-
loss carry-back and take a good
healthy part of the loss out of
Uncle Sam. Tax benefits are
available to them that the public
either can't take or can't fig-
ure out in the gobbledygook of
the tax laws. Meanwhile, if ei-
ther corporate or personal income
taxes are cut even 5 per cent
it means real keeping money in
steel moguls' pockets in the fu-
ture.

President Eisenhower's host,
ex-Secretary Humphrey, is the
key man who could probably
break this sit-down strike if he
exerts his influence. Whether
Humphrey's house guest under-
stands this delicate economic
problem and makes the request

Thinking It Over

By Robert L. Dieffenbacher, D. D.
(Written for NEA Service)

We distrust people because we think they have let us down in the past. They have done something which went against the grain. They have said things which were not quite fair. They have made false accusations

There are so many things which have hurt our feelings. This distrust of people we transfer to God because we do not know Him. We have prayed to Him in some of our emergencies. He has not always answered us in the way we desired. We did not notice His answer. We did not hear Him speak. And so it is that we distrust God. Before we classify God along

with some of our untrustworthy companions we ought to try out His fellowship. We need to study about Him. Then we should talk to Him. In time we can tune in on His replies, and observe His daily acts in our behalf. God is a trustworthy companion if you give Him a chance.

Only Three Non-Westerns in Top 10 TV Ratings

By VERNON SCOTT
United Press Hollywood Writer
HOLLYWOOD — Quick, what's the most popular show on TV?

If you guessed "Gunsmoke" you've got the drop on the rating services.

If, on the other hand, you took a shot at "Wyatt Earp," "Wells Fargo," or "Have Gun, Will Travel," you were close, podner. According to the newest Nielsen report those sage sagas placed second, third and fourth respectively.

Three non-westerns sneaked in to the top 10 corral — "Danny Thomas" (5) "I've Got a Secret" (6) and "GE Theater" — which rates higher when it features a western (10).

"Cheyenne" placed seventh, "Restless Gun" eighth and "Sugarfoot" ninth. Barely missing the top 10 was "Maverick," handicapped by its time — slot range war with Jack Benny. Steve Allen and Ed Sullivan.

With westerns riding herd on the rest of TV's offerings, it follows that horse opera heroes are the most popular critters in video.

That being the case, "Gunsmoke" star Jim Arness, the 6 foot 6-inch Marshall Matt Dillon of Dodge City, must rate pretty high with western-watchers.

"It's the greatest thing that ever happened to me," he said in the deep, measured voice of Dillon. "Our show is No. 1 because we're honest. The characters are realistic and believable."

"Gunsmoke" has no gimmicks. Dillon is a straightforward U. S. marshal doing his job. He never shoots a gun out of a man's hand. When he goes for his shooting iron there isn't any fancy stuff. Arness believes the west of a hundred years ago is an expression of freedom for today's conformist generation.

Delaware was the first state to ratify the Constitution, doing so on Dec. 7, 1787.

Calendar Of Meetings

Chapter Z, P.E.O., will hold its B.I.L. party at 6 p. m. Friday in the Elks club Rathskeller. Each member will be responsible for one prize.

The 5th and 6th grades of the First Methodist church will meet at Wesley Center at 5 p. m. Friday for their regular missionary study.

Galatia Masonic Lodge No. 684 A. F. and A. M. will hold a special meeting Saturday, Feb. 22, at 7:30 p. m. Work in the M. M. degree. C. R. Gardner, W. M.

Births

Mr. and Mrs. Cleas Furlong Jr., RFD 1, Harrisburg, are parents of a boy born at the Harrisburg hospital Tuesday. The baby has been named Michael David and weighed eight pounds, 11 ounces at birth.

To Begin Work on Camp at Little Grassy for Handicapped Children

CARBONDALE, Ill. — Southern Illinois University's physical plant construction crew will begin work soon on a campground for handicapped children at the SIU Little Grassy Lake Camp.

Southern and other cooperating agencies have for the past six years conducted a camp for crippled and mentally retarded children at Giant City State Park. The Little Grassy location which will supplant the park camp is expected to be completed by mid summer but may not be ready for occupancy until the 1959 camping season.

To be located across a small bay south of the present camp site for normal children, the handicapped facility will include a therapy center, split-level dining hall, two group living units for

the youngsters and specially adapted toilet facilities. Also slated for construction will be a complete sewage treatment.

The therapy center and dining hall will be housed in pre-fabricated steel structures for which bids will be let soon. To be ramped and otherwise adapted for wheelchair campers, the dining hall will have a feeding capacity of 300 and will be convertible for large meetings of 300 to 400 people. The lower section will include a large lounge and fire place.

Facilities for a variety of clinical services ranging from speech and hearing to blindness and crippling handicaps will be included in the therapy center. It also will house offices for the camp's counseling and therapy staff.

Each of the two wood and stone living units will house some 24 campers in double-bunks.

The first stage of the therapy center will be part of a development to be three times its size, Loneragan says. One third of it will be completely sound-proofed and air-conditioned for speech and hearing therapy.

Unlike the wide open camp across the bay, the handicapped camp structures will be spaced closely together, interconnected by sidewalks and otherwise adapted to the limitations of crippled or sightless youngsters. Planned for future construction will be 16 demountable tent-like structures designed by advanced students in the SIU design department. Each will house four of the less severely handicapped youngsters.

"The camp will be specialized only to the extent that it must be," says John Loneragan, SIU landscape architect. "We want it to be as normal as possible and still safe for the campers."

Women's Bowling Tournament Planned Here

Bowling league officers, team captains and players met in Nick's cafe Tuesday evening to determine details of the forthcoming Ladies Bowling tournament. Among those attending were: Laura Waltz, league president; Jeanne Cottom, secretary-treasurer of the city association and Doris Cottom, secretary of the ladies' league.

The Women's International Bowling congress requires that a tournament be played each year. The following events are scheduled:

Team competition, singles and doubles events are open to all women who participate in league bowling. There will be trophies, shirt patches and cash prizes offered and a city championship team will be chosen. More details will be announced with the tournament results. The public is invited to watch the matches. A Bowling ball for a registration prize was considered and the following committee was appointed: Delma Webb, general chairman; Vera Vaughn, tickets; Mary D. McGowan, treasurer; Kathleen Skaggs, sales; Blanche Boyd and Bang Summers, helpers.

SWINGS HIS BRIDE—Jayne Mansfield's new husband, strong man Mickey Hargitay, swings his bride around the stage during their opening-night performance in Las Vegas. Five hundred persons paid \$50 each to witness the opening act which raised \$25,000 for the March of Dimes. Jayne has a million-dollar insurance policy with Lloyds of London to protect her in case Mickey loses his grip.

Liberty Baptist W.M.U. Meets at the Church

The Liberty Baptist W.M.U. met at the church Friday evening for the regular business and program. There were nine members present and the meeting was opened with the singing of a hymn. Mrs. T. F. Wasson led in prayer and the recitation of "In Christ There is No East or West."

Mrs. Kenneth Roberts presided at the business session and Mrs. Elbert Langford was in charge of the program. Those present were: Mrs. L. B. Malone, Mrs. Harry Powell, Mrs. Roy Johnson, Mrs. Willie Hendren, Mrs. Lela Gibbs, Mrs. T. F. Wasson, Mrs. Elbert Langford, Mrs. John Allen and Mrs. Kenneth Roberts.

When Mac's Car and Home Supply was closed Mr. and Mrs. Vermont McDaniel promised themselves a winter vacation and are leaving this week end for California. They will visit his brother in Los Angeles and her sister in Oakland, spending about a month in travel and visiting, following which they will return and he will devote full time to the Goodyear tire store of which he is owner.

House Probers Ask Crackdown on Filter Cigaret Ad

WASHINGTON —House investigators charged today that cigarette manufacturers have "deceived the American public" in their advertisements of filter-tip cigarettes.

The investigators concluded that filter-tip cigarettes offer no more health "protection" than the ordinary variety, despite advertisements "implying" that they do. "Actually, most filter cigarettes produce as much or more nicotine and tar as cigarettes without filters," they said. "The American public has paid premium prices of 2 to 6 cents per pack for filter cigarettes for 'protection' they did not receive."

They called for an immediate Federal Trade Commission crackdown on what they called misleading and deceptive advertising.

The deception charge was contained in a House Government Operations Committee report on a subcommittee investigation of filter-tip cigarettes last summer.

Xi Beta Omega Chapter Holds Country Club Dinner Tuesday

The Xi Beta Omega chapter of Beta Sigma Phi met at the Kurto country club for a combined business and dinner meeting Tuesday. Husbands were invited and attended the dinner party.

There was a short business meeting before the steak dinner and included in the business was the election of a nominating committee as follows: Mrs. Marian Utter, chairman, and members, Mrs. Laura Slack, Mrs. Wilma Clark, Mrs. Lodema Taylor and Mrs. Eleanor Molinarolo. It was reported that chaperones have been appointed for the month of March for teen-town, from among the chapter members.

Mrs. Wilma Clark was the chairman for the party and was assisted by Mrs. Anna Mae Gaskins and Mrs. Jean Gaskins. The tables were decorated for George Washington's birthday with red, white and blue candles, red runners and with white fving cherry trees bearing cranberry "cherries" centering each. Place cards were miniature hatchets and the favors were gumdrop corsages with flags attached.

Judge Trafton Dennis was the speaker for the evening and spoke on the subject of "Civic Responsibilities and Service Activities." Among other things Judge Dennis stated the business man of the community serves his town and is obligated to broaden his outlook to consider the good government of his county, state and nation. He commended the Harrisburg Junior Chamber of Commerce for its continued attempts to attract new industry to this community.

Judge Dennis and Mrs. Dennis were guests of the chapter and joined in the game of whist, organized for the group by Mrs. Anna Mae Gaskins. John Utter and Mrs. Dennis were winners of the prizes for the best man and woman players.

There were 29 members and guests present and from the time they were greeted and served punch in the entrance hall until they reluctantly left the open fire in the fireplace, there was good companionship.

Donald Ray Mears Is Re-sentenced, Gets 14-Year Term

The sentence given Donald Ray Mears, 26-year-old admitted slayer of Vincent York, was set aside Friday morning by Circuit Judge Roy Gulley, who explained that he had erred in fixing the sentence at a minimum of 14 years and a maximum of 15 years. He stated that he was required to fix a sentence of a definite number of years.

He then re-sentenced the defendant to a definite term of 14 years, the minimum prescribed by state statute.

Mears entered a plea of guilty to the murder charge on February 4 after court proceedings had gotten under way for his trial by jury. Four jurors had been accepted when the surprise move was made.

Mears was taken to the Illinois State Penitentiary at Menard Tuesday by Gallatin County Sheriff Millard Holloway, accompanied by State Troopers Mike Taggart and Guthrie Alexander.

January Tax Collections Highest In Illinois History

SPRINGFIELD (AP)—State tax collections in January were the highest for any month in Illinois' history, totaling \$31,851,117, the state Revenue Department announced today.

The previous record of \$30,926,593 was set in December, 1957.

In addition to the state tax collections, the department collected \$5,326,246 for municipalities.

Gov. Stratton commented that state revenues are holding up "well within the conservative estimate we used in establishing the 1957-59 biennial budget."

The January collections from the state's nine major tax sources included:

Sales tax \$29,080,557; use tax \$2,487,631; cigarette tax \$2,740,279; liquor tax \$1,760,553; motor fuel tax \$12,543,963; petroleum inspection fees \$83,807; public utility tax \$3,149,992; private car line (none); and coin-operated amusement devices \$4,335.

Matter of FACT

The music to "My Country, 'Tis of Thee," is the same as the British anthem, "God Save the Queen." Samuel Francis Smith, of the United States, was so impressed by the rhythm of this music that in 1832 he wrote new words for his countrymen. Others, including the Swiss and the Danes, also sing their anthem to the same tune.

House Appropriations Committee Criticizes Research Agency

Approves \$2.8 Billion Emergency Funds for Agencies

WASHINGTON (AP)—The House Appropriations Committee expressed fears today that a top space agency is "deficient" in basic research in the missile field.

places near there. We saw the fishermen coming in with their boats and went down on the fishermen's wharf.

"We saw the three noted golf courses and saw deer grazing on the greens. There were 10 deer at one time on one green, and we saw many others while we were there."

"We left Carmel Friday noon and drove out through the valley to Oakdale, where my parents lived for many years. Artichokes are grown in this area, and many fields were covered. The fruit and nut trees were bare of leaves, but the almond and cherries were just coming into bloom."

"We spent two nights up there, then drove down the valley by way of Fresno and Bakersfield to Los Angeles."

"There are hundreds of vineyards and many groves of nut and fruit trees all the way down. We crossed one range of mountains, but the roads were just perfect and you could travel at 60 miles an hour all the way. The highest point is 4,300 feet above sea level."

"I have been up to see May Seright Monroe and son (she is Roy's only sister) this week and had a good visit."

"Thursday we spent the day at Disneyland. It is really a place for both old and young. We attended a show which was like the old time stage shows, with the dancers, separate acts and all the attractions of the old stage shows had. They have four shows an afternoon, and there were 385 people at the one we attended. You would never know this place was not 30 years or more old, and it is so attractive and well-planned."

"Today we went on a tour of one of the largest bakeries, with about 50 women in the group. We were served lunch free and given door prizes and a card for a loaf of bread, in addition to cook books."

Couple Marries At Stockyards

PEORIA, Ill. (AP)—James Miller, 31, Avon, took for his bride Miss Beaula Billings, 19, Prairie City, in ceremonies Wednesday at the Peoria Union Stockyards here, yard officials reported.

Miller was a trucker of livestock, and explained many of his friends were employed at the stockyard and otherwise would be unable to attend the wedding.

"It's the first wedding we've ever had," one stockyard official acknowledged.

Gov't Releases Three Billions To Aid Economy

WASHINGTON (AP)—The government has released up to three billion new dollars that U. S. banks may pump into the nation's faltering economy.

In its most sweeping anti-recession action since abandoning the "tight money" policy, the Federal Reserve Board Wednesday cut the reserve requirements of its 6,400 member banks by 500 million dollars.

The structure of the American banking system will permit the banks to multiply the dollars freed by the Reserve Board as many as six times in new loans.

That means up to three billion dollars in new money will be available at the end of February for businessmen who want to start new ventures or build new factories or families who want to buy new homes.

Banking sources in New York said that although the action will increase the amount of bank credit available for investment, it remains to be seen whether it will stimulate demand for that credit.

Stratton Suggests Local Help to Meet Welfare Pressure

FLOSSMOOR, Ill. (AP)—Gov. William G. Stratton Wednesday night foresaw heavily increasing pressures on Illinois' welfare agencies during the next 10 years.

The governor suggested, in talk before the South Suburban Family Counseling Service here, that local communities may have to take up more of the load.

"There is a swing today away from the philosophy that the government should do everything. We in government will do all we can, but much more is needed," Stratton said.

Churchill Ill With Pleurisy And Pneumonia

ROQUEBRUNNE, France (AP)—Sir Winston Churchill today fought doggedly against an attack of pneumonia and pleurisy and friends said the next day is apt to be decisive.

Churchill's doctors and his family appeared optimistic, but because of his 83 years the illness will be considered dangerous until it clears up completely.

Friends said Churchill was responding to treatment, apparently with antibiotics, but in view of his past medical history his illness is causing them some anxiety. This is the fifth time he has been stricken with pneumonia.

Since his last attack of pneumonia 10 years ago he has suffered two strokes.

Friends said his fighting spirit was undiminished and he insisted on chatting with his wife, Lady Churchill, and his daughter, Sarah.

His other children are waiting word whether their presence in this tiny village 11 miles from Nice would be desirable. Writer Randolph Churchill was in Springfield, Mass., Wednesday night lecturing and he planned to leave for New York today. His daughters, Mrs. Duncan Sandys and Mrs. Christopher Soames, are in Britain.

British Freighter Explodes; 44 Dead

BAHREIN, Persian Gulf (AP)—A dynamite explosion which blew up the new 7,440-ton British freighter Seistan Sitra Wednesday took 44 lives, officials announced today.

The ship had 63 persons aboard—12 Britons, 50 Indians and one Chinese—when its cargo of dynamite blew up Wednesday night.

Leopold Is Granted Parole from Prison

(Continued From Page One)

parole officer monthly.

The board's brief statement said: "In the case of Roger Touhy, a definite sentence parole has been granted on the kidnapping for ransom sentence. In the case of Nathan F. Leopold Jr., a definite sentence parole has been granted."

"The location and occupation of subject to be investigated by parole supervision."

The parole supervision division could reject Leopold's arrangements in Puerto Rico and require him to serve his parole elsewhere.

Touhy must now serve a six-month institutional parole in prison then start serving minimum time on a three remaining years of a 199-year term for prison escape. He could then apply for parole on the second sentence and be freed in August, 1959.

Loeb was slashed to death with a razor in a prison fight in 1936.

Poet Carl Sandburg led the parade of witnesses who appealed to the board for Leopold's freedom.

Leopold's own lawyer said Leopold was "guilty as sin" of the crime but that his time in prison has been "33 years of remorse and reformation."

However, Cook County State's Atty. Benjamin Adamowski urged the board to deny parole and described the crime as "one of the most senseless" in history.

Leopold has three times been denied parole and last July Gov. William G. Stratton rejected his appeal for freedom via executive clemency.

Leopold's name will not automatically appear on the parole docket again until 1965, but he can ask at any time for a rehearing of his present parole application, or make a new bid for executive clemency.

Leopold began his fight for freedom when former Gov. Adlai E. Stevenson commuted his 99 year sentence to 85 years and made him eligible for parole because of his work as a "guinea pig" in World War II malaria experiments.

Boy, 2, Strangles in Dog Kennel Wire Mesh

BELOIT, Wis. (AP)—A 2-year-old boy apparently strangled Wednesday when he plunged through the wire mesh of a dog kennel.

Authorities said Michael J. Grutsch was walking on top of the kennel in his backyard and fell through feet first when it broke.

Michael's mother, Mrs. Al Grutsch, discovered the body hanging from the wire top of the kennel.

Young Couple, Baby Daughter Asphyxiated

ST. LOUIS (AP)—A clogged flue pipe from a gas heater was blamed today for the asphyxiation of a young couple and their 5-month-old daughter.

Police found the bodies of Jerome Meschede, 27, his wife, Betty, 18, and their baby, Betty Wednesday night. Neighbors had noticed an odor of gas coming from the two-room flat at 1857 S. 12th St.

The couple had last been seen Monday. Authorities said a clogged flue pipe apparently led to the deaths.

Ridgway High School Notes

F. H. A. NEWS

Ridgway F. H. A. members showed their mothers an enjoyable evening Tuesday, Feb. 11. The event was formal initiation the place Ridgway High School. The evening opened with a welcome given by the president, Joyce Hale. This was followed by an entertaining skit called "As Others See You," next came the style show. Some of the girls modeled dresses they had made

in home economics, while others modeled garments from the Fashion Land in Shawneetown.

The freshmen were formally initiated into the F. H. A. This was followed by an impressive emblem service.

All enjoyed the punch and cookies made by the sophomore economics class.

The Ridgway F. H. A. members were very pleased to have

John Kitterjohn of the Heil's Beauty Supply Co., also a representative of the Albert-Culver Co. of Chicago, Thursday, Feb. 13, at the Legion Hall with 30 members present.

Mr. Kitterjohn's topic was on good grooming and gave many pointers on care of the skin and how important cleanliness is to the skin. Mrs. Pauline with the

co-operation of some of the girls talked on how to apply make-up on the individual.

Gifts of hair cream were given to each one present. Emily Goforth was awarded the door prize.

The successful evening was sponsored by the Hildred's Beauty Shop. At the close of the evening Mrs. Grant served cookies and Cokes.

THE CARRIER MILLS Community High School capella group will make its first public appearance in new robes Thursday night at Tamms. Robes for every member of the 50-voice organization were recently purchased through cooperation of the CMCHS music department and the Music Boosters club. The robes are academy blue. The entire music department of CMCHS will

present a program at Tamms Thursday night, including both vocal and instrumental selections. The robes also will appear on the Friday morning program of the Saline County Teachers Institute. Tom Whiteside is director of music at Carrier Mills high school.

Get Rid of Gold Jewelry with Silvery Hair

By GAY PAULEY

United Press Women's Editor
NEW YORK (UP) — When your hair has turned to silver, get rid of the gold in your jewelry ward robe.

So advises Mrs. Hilda Altmark, a designer in her late 40's, who's been greying since her 20's.

"Gold jewelry gives a brassy harsh look to the grey-haired woman," said Mrs. Altmark. "Wear pearls, rhinestones or colored beads. And nothing chunky."

Wear Strong Shades
Mrs. Altmark, chief designer for the dress and suit firm of Branell, believes the silver-haired also should go easy on the "sissy" pastels, and wear strong shades—pinks, blues, violets, emerald green, blue green, and beige (not brown).

"And no yellow green," said the designer. Grey is an excellent color, if it has character... not a washed out shade. Wear black, but select a true jet shade."

"Colored hats are most becoming," said Mrs. Altmark. "And select those with a light and airy look, not old lady-ish. Silhouettes with an upswept line are most flattering."

Must Watch Skirt Length
In hosiery, she suggested selection of grey or soft pink tones rather than the tawny or brown shades. "And the greying woman, whether she's 40 or double that, must watch skirt lengths," she said. "No matter what the younger woman does, wear the length which is most flattering to your legs."

Hilda Altmark, who grew up a blonde, now has hair a pearl grey, nearly white shade.

"It's never tinted," she said. "I think the woman should use a hint of blue or lavender tint, only if her skin is sallow or swarthy."

"The one thing all of us with grey hair must avoid is a 'do' which is too flat, or too curly," she said. "The soft arrangement is by far the most flattering."

Birthday Surprise Dinner Held for Ralph Guye, 58

There was a surprise birthday dinner in the Ralph Guye home following the morning service at New Hope Baptist church Sunday. Friends and relatives of Mr. Guye assembled in his home to wish him a happy birthday on the occasion of his 58th birthday.

Attending the dinner were: Rev. Bob Mitchell, Mr. and Mrs. Alva Hefflin and family, Jesse Fletcher,

Mr. and Mrs. Mack Pulliam and daughter, Mr. and Mrs. Wayman Garner and family, Mr. and Mrs. Fletcher Guye and children, Mr. and Mrs. Jess Whitlock and daughter, Rev. and Mrs. Dean Guye and family, Mrs. Wanda Irvin and children, Mr. and Mrs. W. B. Gilliam and daughter, Mr. and Mrs. John Duryea, Mrs. Velma Griggs, Mrs. Allie Edwards, Miss Mary Alma Adkisson, Bob Adkisson, Richard Stevens and Mrs. Homer Fletcher and family.

The Naomi Sunday school class met in the home of Monette Blackburn recently. Mrs. Blackburn gave the devotion and Charlotte Gann led in prayer.

During the social hour there were games and prizes were

awarded to Callie Harris and Syble Davis. Refreshments of pie and coffee were served by the hostess and the following attended: Marjorie Shelton, Edna Cockrum, Syble Davis, Callie Harris, Charlotte Gann, Lois Eubanks, Eleanor Bird, Iva Guye and a guest, Nadine Anderson.

The next meeting will be held in the home of Anna Dene Bell.

The Amoma Sunday school class of the Galatia Baptist church met Feb. 7 in the home of Mrs. Madeline Large. Mrs. Jean Smith opened the meeting with prayer.

Mrs. Wilma Franks, Mrs. Allen, Mrs. LaVerne Jones and the hostess.

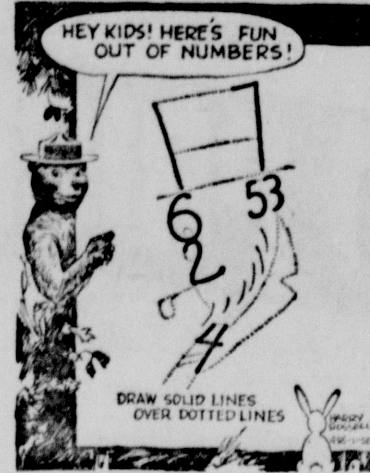

Galatia P.T.A. to Meet In Grade School

The Galatia P.T.A. unit will hold its monthly meeting in the grade school at 7 p. m. Thursday. There will be a panel formed of lawyers from Eldorado and they will speak about "Our Young People Today." The P.T.A. unit expects to tell about the wonderful youth of today under proper guidance. The public is invited to attend this meeting.

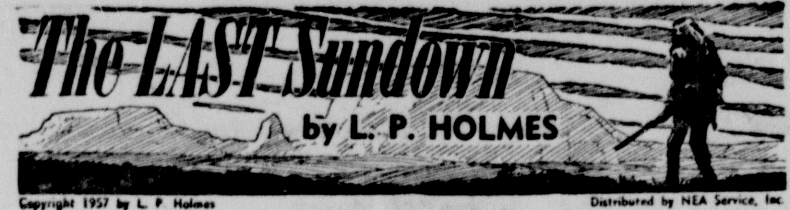

Hibernate or Not?

Some of the northern bats fly south when winter begins; others hibernate inside the hollow trees, caves and buildings where they make their homes.

Harley Ritter spoke up. "I imagine that any day you kill a man, Sebastian, could turn out to be a rough one."

Sebastian saw the color fade from Anne's cheeks.

Sebastian looked at Anne again, his words all for her.

"If the right of extreme necessity hadn't been on my side, Anne, then Dick Brace would have me behind bars right now."

She stared into the fire. "If you say you had to do it, I believe you."

The words carried no conviction or warmth of understanding.

"I'm glad you believe me, Anne. But I wonder how long you'll remember it? Not as something that had to be, but as something I did. Think on it, Anne. For of a sudden I have to know and surely!"

The tone, the stern impact of his words, brought her quickly around to face him.

"What do you mean, Ward? I don't believe I understand."

"Anne, you and I have been aimlessly marking time, and I see neither point nor sense to such any longer. It's high time we faced realities. Either there is something worthwhile ahead for the pair of us, or there isn't. And tonight I want to know about that—for certain!"

There was, in Anne Biglow, a streak of calculating materialism, and outright decision in anything was something she never wished to give unless it suited her exactly reasoned desire. So now, instead of answering Sebastian's question, she took refuge in one of her own.

"You've been saying what you want to know. Very well, this is what I want to know. Who is Constance Ashland, and what is she doing at your ranch?"

Sebastian considered her intently while his lips pulled to a shadowy, mirthless, cynical smile.

She had neatly side-stepped and, looking back over their relationship from its very beginnings, he could see where she had always been adept at side-stepping obligations and decisions. And she would never change, for in her there lay selfishness and an inherent evasiveness.

Sebastian turned and put his glance on Harley Ritter.

"Carrying still other tales, eh, Harley? And you didn't tell this one right either, did you?"

In Harley Ritter's answering shrug there was a smug mockery. "No need for you to squirm, Sebastian—providing everything is on the square."

Abrupt harshness blazed in Sebastian. "You contemptible little whelp! Watch that loose mouth of yours or I'll shake some manners into you!"

"Ward!" reminded Anne sharply. "You haven't answered me."

He turned to her again.

"My dear," he said evenly, "I came here tonight fully intending to tell you all about Miss Constance Ashland. Now I won't bother. For I can't remember when I've come into this house without having to explain or apologize or beg forgiveness for something or another. And if I bowed my head abjectly enough I'd be rewarded with your smile and the touch of your hand or, on rare occasions perhaps, by a kiss. But it was certain to be a cautious one, wary and resisting, never fully and warmly given. Anne, that just isn't my idea of a good life, and never could be."

He was swiftly close to her and with his arms around her. She seemed too stunned to either answer or resist, and there was nothing in her lips at all. But now there were hands pulling at him and clamping at him. Harley Ritter's hands. And there was Harley Ritter's voice sounding, shrill

with a jealous fury.

"Leave her alone! Leave her alone!"

Sebastian put Anne aside and turned, hunching a shoulder against Ritter to hold him off.

"Why Harley!" he exclaimed. "What's come over you? Where did you ever rake up the nerve?"

Ritter came charging back, completely beside himself. He struck no blows, but instead kept clamping at Sebastian like an enraged cat. And, catlike, he got a hand past a warding arm and dragged slicing fingernails across Sebastian's jaw.

Sebastian hit him then, a swinging slap with his open hand. The hard, rein-collared palm caught Ritter across the mouth and nose with enough startled anger behind it to knock him back into the easy chair, where he crouched, dazed but still snarling, a line of crimson beginning to seep from his cuffed nose.

Sebastian, fingering his clawed jaw, put his glance on Anne Biglow as she stood, white of face and very still. Honest regret gentled his words.

"This is a poor way for anything to end, Anne. For my part I'm both sorry and ashamed. Goodbye!"

As the sound of the closing front door marked Ward Sebastian's cer-

GED Tests at SIU March 7-8

CARBONDALE, Ill. — Tests of General Educational Development, designed to help Illinois residents attain high school diplomas, will be administered March 7-8 at Southern Illinois University, according to Jack W. Graham, SIU testing supervisor. Any person 21 or over seeking a diploma through the testing program should bring a letter from his high school principal, Graham said. The letter must indicate that the school will grant a diploma if the bearer successfully completes the tests.

A day and a half is required for the testing program, which will begin at 8 a. m. Friday, March 7.

GED tests are offered without charge at Southern the first Friday and Saturday of each month.

tain departure, Anne shifted to face the hearth, her small shoulders sagging as she covered her face with her hands. Harley Ritter, dabbing at his nose with a handkerchief, went over to her and tried to put a comforting arm about her.

"It's all right, Anne. You're well rid of him. He never was your kind, never was good enough for you."

She seemed not to hear him, for she gave him no answer. And at the touch of his arm she whirled away and ran from the room.

KING COAL COUNCIL HOLDS ANNUAL MEETING

The adult members of the King Coal Council of the Girl Scouts held their annual dinner meeting in the gymnasium of St. Mary's at Hermin. There was an unusually good attendance and the "United Nations" theme was used. The V-shape table was decorated with flags of all nations and the Girl Scout trefoil. Miniature scenes of various phases of girl scouting were placed about the room.

Following the dinner, election of officers was held and new members were introduced. Articles of incorporation and by-laws were adopted.

The program included a moving picture, "The Wider World," showing the international aspect of scouting. Music was supplied by senior, intermediate and Brownie scouts present.

Mrs. Warren Priest, Mrs. Eugene Morris, Mrs. E. J. Thompson, Mrs. Ronnie Doerge and Mrs. J. R. Hunter attended from Harrisburg.

Farmers Home Borrowers Repay Funds

Borrowers of the Farmers Home Administration in Illinois have repaid some \$3,600,000 to that agency during the last six months of 1957. During the same period some \$2,850,000 in loans was extended to eligible farmers in Illinois. These figures were released today by George H. Reuss, Champaign, State Director. This is the time of year Reuss said when some 2,800 Illinois farm families sit down with the local county supervisors and analyze their past year's operations and plan steps they need to take to increase the efficiency of their farming operations for the coming year.

The Farmers Home Administration advances operating credit primarily to help eligible farm families make improved use of their land and labor resources on family-type farms, and make needed changes in their farming systems. Most of the changes call for adopting better farming practices and improving the efficiency of their farming operations. Mr. Reuss said the bulk of the operating loan money in Illinois is being used to implement these improved practices and changes in farming operations as well as for the purchase of livestock and farm equipment. Operating loans may be made from 1 to 7 years at 5 percent interest and the average loan made in Illinois is approximately \$6,000.

E. Ronald Coon, County Supervisor, Harrisburg, Illinois, for the Farmers Home Administration serving Gallatin, Hamilton, Johnson, Saline and Williamson counties, advised the Harrisburg Daily Register, that he can make operating loans to farmers who have or can acquire the facilities and need help to improve their farming and who are presently unable to turn to private or co-operative lenders for their needs.

Brushy

Rev. Ward Barter, Powell, Wyo., Guest Preacher at Mt. Moriah Wyo., preached at the Mt. Moriah church service Sunday morning where he was formerly a member. Rev. and Mrs. Barter are visiting his sister, Mrs. Lester Upchurch, and Mr. Upchurch at Raleigh, Mrs. John Newton and Mr. Newton, Marion RFD, and will visit his brother, Dean Barter, and family in Kentucky and his father, Tom Barter, Metropolis, before returning to their home in Wyoming.

His friends at Mt. Moriah welcomed him and listened with interest as he spoke of his work with his congregation of 500 members in Powell, half of whom are from farming communities.

Potluck Dinner By Brushy PTA Unit

The Brushy P. T. A. met for a potluck dinner and its regular meeting Thursday evening. Arthur Boyd, school principal, led the group in the opening songs accompanied at the piano by Mrs. Carney. Aaron Woodill led in prayer. The attendance banner was awarded to the 3rd and 4th grade room, taught by Mrs. Smith. Minutes of the previous meeting were read and the treasurer's report, given by Paul Drott, showed a balance of \$160.

Mrs. Bill Mellrath announced the program numbers as follows: "An Old Fashioned Radio Announcer," given by Mr. Boyd; vocal solo by Judy Mellrath and a talk about P. T. A. values by Mrs. Marie Jones, in which she said that the teacher is working with the most precious things that we own.

Mrs. Guy Garrison, New Haven, Dist. 30 director of the Illinois P. T. A., was introduced as the main speaker of the evening. She spoke of a \$1,000 scholarship given each year by Dist. 30 to an eligible student who will become a teacher. She also stated that

Mr. Coon said he would be glad to talk to any farmer in this area who is in need of this type of assistance.

the "Pennies for Friendship" fund goes to organize new units. She reminded the group that President Grover Cleveland invited mothers to a tea in the White House during February 1897 and the parent organization was formed which became the present P. T. A. Mrs. Garrison invited the Brushy unit to send representatives to the district meeting in New Haven this year. "P. T. A. isn't all giving, it is also receiving," she said as she urged the members present to put over projects in the community.

Galatia Home Bureau unit announced that it wants new members and invites anyone who wishes to join to call Mrs. Rose Bledig, Mrs. Kenneth Allen or Mrs. Pete Gardner for information. The work is government and state supported and no one will be refused membership. Present members feel that they get more for their dues and time in this organization than in many others and they welcome visitors to all of the meetings. Regular meeting time is the second Tuesday in each month and lessons are based on the needs of the homemakers and are selected by them.

Film 'Sayonara' Nominated Best Picture of '57

HOLLYWOOD — Independent movie producers scored a 5-0 victory over major studios today in nominations for best picture of 1957 as "Sayonara" ran off with 10 nominees in the 30th annual academy award competition. The four other contenders announced Monday were "Peyton Place," "The Bridge on the River Kwai," "Witness for the Prosecution" and "12 Angry Men." All were produced by independent film magnates. Glamour girls contending for

best actress honors March 28, award night, will be Deborah Kerr for her performance in "Heaven Knows, Mr. Allison," Elizabeth Taylor, "Raintree County," Lana Turner, "Peyton Place," Joanne Woodward, "Three Faces of Eve," and Anna Magnani in "Wild is the Wind."

Best actor nominees were Marlon Brando in "Sayonara," Anthony Franciosa, "A Hatful of Rain," Alec Guinness, "The Bridge on the River Kwai," Charles Laughton, "Witness for the Prosecution," and Anthony Quinn in "Wild is the Wind."

Eldorado Juniors to Present 'The Family Nobody Wanted'

The Junior class of Eldorado Township high school will present its class play, "The Family Nobody Wanted," on Feb. 28 at 8:30 p. m. The play is a three-act comedy based upon the book by Helen Grigsby Doss.

Life magazine devoted major space to picturing this surprising and wonderful group of people—

with all the problems of any family containing a lot of young people, and some that are uniquely their own. The Reader's Digest carried a fascinating article about this same family. Television has devoted a 90-minute full-network spectacular to a dramatic presentation of some of the earlier episodes of this family's life. The Christian Advocate was first to feature an article about them.

The characters are a group of very interesting people portrayed by a large cast which includes David Reeves, Pat Johnson, Bob

Barker, Judy Gingrich, David Duncan, Rebecca Wettaw, Lynda Irvin, Jon Bozkiewicz, Susan Scribner, Donna Hicks, Rose Miller, Gary Bray, Phillip Stinson, James Whyte, Shirley Cochran, Violet Wright and Judy Broadhurst.

There will also be a matinee performance of "The Family Nobody Wanted" on Feb. 28 at 1 p. m. giving the high school students and surrounding grade

school student an opportunity to see the play.

National League Announces Official Schedule with Record 274 Night Games

CINCINNATI (AP)—After one false start, the National League announced its official 1958 schedule today, including Los Angeles and San Francisco for the first time in history and an all-time record total of 274 night games.

National League officials originally had planned to announce their schedule on Jan. 24, but they had to go to work and draw up a new one when several of the Dodger dates conflicted with other events previously slated for their Memorial Coliseum ball park in Los Angeles.

The Dodgers ironed out their difficulties by scheduling four twin-night doubleheaders at home.

Los Angeles opens the season at San Francisco on April 15 and after a three-game series, the Giants travel south to Los Angeles for another three-game series with the Dodgers there beginning April 18.

All National League clubs will appear on the West Coast by April 29 with the exception of the world champion Milwaukee Braves and Cincinnati Redlegs, who make their first official visit to California on June 3. Milwaukee, Cincinnati, Pittsburgh and Philadelphia now constitute the Eastern Division of the league.

This year's night game total represents an increase of 13 over the 261 scheduled last year, which was the previous National League high.

The Philadelphia Phillies are listed to play the most night games at home, 47, an increase of four over last year.

Pittsburgh made the biggest increase in its night game schedule, going from 27 a year ago to 33. The Cubs will continue their policy of no night ball at home.

The Pirates are scheduled for the most doubleheaders at home—11. The Dodgers will play seven twinbills, including the four twinbills.

In addition to the Giants-Dodgers inaugural on April 15, other opening day pairings call for Philadelphia at Cincinnati; Pittsburgh at Milwaukee, and Chicago at St. Louis in a night game.

The annual All-Star game will be played at Baltimore, July 8, and the National League season winds up Sept. 28.

Tiger Jones Wins Split Decision Over Kid Gavilan

MIAMI BEACH, Fla. (AP)—Middleweight Ralph (Tiger) Jones asked today for a match with any of the 160-pound contenders because of his comeback victory over Kid Gavilan Wednesday night in the first fight ever televised from a hotel.

Unmindful of the plush surroundings of the Club Siam in the brand new Carillon Hotel, Jones of St. Albans, N. Y., shuffled forward in every round and won an avenging split decision over the Cuban, which broke his own losing streak at four straight.

Gavilan, former welterweight champion, was favored at 8-5 in Wednesday's 10-rounder.

But, fighting there in the Siam Club—where the carpets seemed mattress soft and the life-sized statues of Siamese dancing girls stood unblinking during the fray—Jones' persistent hooking attack gained the verdict. There were no knockdowns.

Referee Billy Regan favored the Tiger, 97-96, as did Judge Carl Gardner, 97-95. But Judge Fred Aaronson had Gavilan in front, 97-94, because of his left hooks, straight rights and right "bolo" uppercuts. The United Press favored Gavilan, 96-95.

It was Gavilan's 29th defeat in 140 bouts, and Jones' 45th victory in 70.

Centralia Coach Includes Hassett In Best Players

Jim Evers, coach of the Centralia Orphans basketball team, listed the South Seven conference players he regarded as best in a Chicago Daily News article Wednesday and the group included Ray Hassett of the Harrisburg Bull Dogs.

The other outstanding players he said, are: Rod Linder of Centralia, Dave Walker and Ken Hungate of Benton, John Shotton of Marion, Jack Kotter and Andy Changnon of Mt. Vernon, Francis Florian and Vlado Zavich of West Frankfort and Willie Williams, Jim Gualdoni and Gene Turni of Herrin.

"In fact, I might as well list the rest of the Herrin team and include Ken Dougherty and Richard Box," he wrote.

New Shawneetown, New Haven to Play for Gallatin Championship

New Haven and New Shawneetown will meet at 8 p. m. today for the championship of the Gallatin county grade school basketball tournament. At 6:30 Equality and Ridgway play for consolation honors. The tourney is being played at the Equality grade school gym.

Results of semifinal games played Wednesday evening:

New Haven 51, Equality 43—scoring: New Haven, Kirby 6, Bean 4, Goforth 17, Rider 12, Rapier 12; Equality, Patton 10, Kandy 4, Jennings 4, Moore 11, Dale 14.

New Shawneetown 51, Ridgway 49 (2 ot)—scoring: New Shawneetown, Browning 9, Hunley 8, Wilson 20, Patton 14; Ridgway, Sanders 16, Spence 8, Bradley 4, Crayne 19, Brockett 2.

Bull Dogs Play at Mount Vernon Friday, Wind Up Season at Anna

The Harrisburg Bull Dogs will motorbus about 220 miles about the country in winding up their 1957-58 basketball schedule this week-end.

Friday night Coach John Dotson will take his lads northward to Mt. Vernon to face the strong Ram quintet in the final league battle of the season for both clubs.

Then Saturday night the Bull Dogs travel in the opposite direction—to Anna—for the season wind-up.

The Bull Dogs know what they will be up against at Mt. Vernon, but it will be the first time they have seen the boys from Anna when they take the Union county floor.

Mount Vernon, which beat West Frankfort to win the Egyptian Holiday tourney in Davenport gym, currently is third in the South Seven conference with seven wins and four losses. Harrisburg is sixth with 3-8 in loop games and has 10 wins and four losses in overall play.

Rams a Balanced Team

Coach Scotty Gill has a balanced five in sharpshooters Jerry Changnon and Jim Manion in the back court, 6-5 Jack Kotter at center, and Coleman Carrodine and Wiley Rodgers at forwards. Mount Vernon can throw as much defense at you as any team in southern Illinois as well as being a good offensive club.

The Bull Dogs, who have won three of their last four games in the conference wins over Centralia and Benton, will face an Anna team that is 7-4 in the Southwest Egyptian conference behind Carbondale (9-1), Sparta (8-2) and Pinckneyville (8-3).

Anna has three players in the top 15 scorers of the Southwest Egyptian loop. They are Pitts, with 168, Lewis, with 143, and Jenkins, with 121, all in eleven league games.

This will be the first time in many years that Harrisburg has met Anna in regular season competition, although the Union county boys have been seen in sectional play in these parts.

The West Frankfort Red Birds (10-1) can sew up its first undisputed South Seven crown since 1946 by winning Friday night at Centralia (2-9), which is on the bottom of the conference for the first time in history.

Other Games

Herrin (9-2) plays at Marion (4-7) Friday evening. Only a Herrin victory and a Red Bird defeat could give the Tigers a share of their third straight title.

Other Friday night games are: Carrier Mills at Rosiclare, Ridgway at Cave-in-Rock, Galatia at Shawneetown, Norris City at Fairfield, Carbondale at Pinckneyville, Anna at Murphysboro, Chester at Sparta, Metropolis at Vienna, Jopla at Golconda, Christopher at Carterville, Zeigler at Johnston City, and McLeansboro at Du Quoin.

There are no South Seven conference games Saturday night, but West Frankfort will host Johnston City, Marion will be at Belleville, Benton at Murphysboro and Mt. Vernon at Mt. Carmel in play out of the league in addition to Harrisburg at Anna.

Carrier Mills will be at Eldo-

rado, Sparta at Carbondale, and Mounds at Christopher in other Saturday contests.

The South Seven standings:

Team	W	L
West Frankfort	10	1
Herrin	9	2
Mt. Vernon	7	4
Marion	4	7
Benton	4	8
Harrisburg	3	8
Centralia	2	9

Yardley Nears Pro Scoring Mark

By United Press

George Yardley of Detroit needs only 21 points in the Pistons' nine remaining games to become the National Basketball Association's greatest single season scorer.

Yardley, the balding former Stanford University star, canned 43 points Wednesday night in leading the Pistons to a 117-115 victory over the Minneapolis Lakers in overtime and ran his season scoring total to 1,716 in 63 games.

George Mikan, the former Lakers star, set the NBA single season point scoring record of 1,932 during the 1950-51 season.

The Syracuse Nationals handed the New York Knickerbockers a 116-110 defeat which dropped the New Yorkers two full games behind the Philadelphia Warriors in the battle for the last playoff spot in the Eastern Division. The Warriors improved their position by defeating the Boston Celtics, 123-103.

The tourney is being played in the Webster Junior high school gymnasium at Benton.

Chicago Youth Asleep 13 Years

CHICAGO (AP)—For 19-year-old Paul Sowa, life is a dark, blank silence.

He is normal in every day—except his brain is asleep. Sowa has been asleep for more than 13 years—since he became a victim of encephalitis, or sleeping sickness, while a boy in the first grade.

He may live to be 50 years old, doctors said. But they had little hope he will ever awaken.

However, Sowa's father, a steel worker, his mother and his 15-year-old sister keep hoping. "We're praying for a miracle," his mother said.

Advertisers Told to Concentrate on Men

CHICAGO (AP)—Advertisers are advised to slant their selling back to the man's viewpoint.

One of the nation's chief food brokers, Paul Sayres, of Mount Vernon, N. Y., said a recent sur-

vey by his firm indicated that advertising has concentrated on the woman's viewpoint too long.

He said although the lady of the house does most of the spending, the wishes of the man-around-the-house are respected, especially in the matter of food buying.

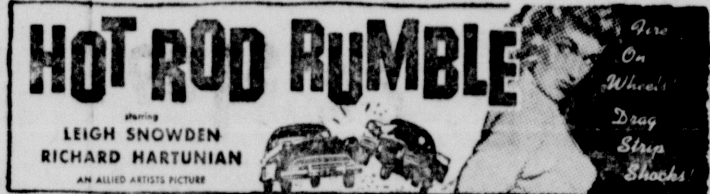

The survey showed men also do a lot of the food buying. Four out

of every 10 supermarket baskets are pushed by men, and Sayres thinks that with a national food bill of 45 billion dollars a year, admen are just not efficient if they don't make a pitch to the male customer.

TNC)—Pvt. Wendell L. Jackson, 18, son of Mrs. Marie Dietz, Route 1, Ridgway, Ill., is a member of the 67th Armor in Germany.

A driver in Company B of the armor's 2d Medium Tank Battalion, Jackson completed basic

training at Fort Hood, Tex.

He attended University High School in Normal.

PROBABLE ROUTE of the proposed new state highway is shown by heavy line in above map. Changes possibly will be made at the suggestion of the affected landowners in areas where there is no existing road. Such a road would be a direct connecting link between State Route 13 at Shawneetown and Route 141 near New Haven, and also would connect to Route 1 via the spur into Ridgway.

Would Connect New Haven, Shawneetown and Ridgway Proposed Surfaced Road

Extensive activity is under way toward the promotion of a new state road in Gallatin County.

The proposed new surfaced highway would include a direct north-south stretch from Shawneetown to Route 141 at a point about three miles west of New Haven, and a spur at the Edwin Schmitt farm, connecting this highway to Ridgway over the existing route.

The project is one of the many to be considered by the newly organized Shawneetown Chamber of Commerce and is headed by a committee composed of Einar Dybbekopp, chairman, and LaVerne Ruth, Ralph Smith, Richard February and Dr. W. F. Stanelle, members.

Resolutions are being prepared

for consideration by the various organizations and the village and city boards of the communities concerned. Copies of which, when adopted, are to be sent to Governor Stratton, State Senator Paul Ziegler, State Representative Paul Powell, C. L. McCormick and Gordon E. Kerr, and the State Highway Department.

Representative Powell already has been contacted regarding the proposed highway and the committee reports that he highly favors the project and believes that it can be successfully carried out provided proper steps are taken. He also urged that necessary preliminary procedures, such as contacting the owners of land to be

affected, adoption of resolutions, etc., be accomplished as soon as possible. He explained that due to unemployment the federal and state agencies probably will be doing considerable public work and this project should be in the hands of the governor in order that, if approved, work can be gotten under way when weather permits. Other legislators are to be contacted by the committee as soon as possible, and land owners also probably will be contacted within the next few days.

The Shawneetown City Council, at a special meeting held Tuesday afternoon, adopted a resolution approving the proposed new surfaced highway.

It is generally believed that such a road would, among other things, be an additional inducement for industry to locate in the area, shorten the farm to market distance for many and aid in developing a larger trading area.
